

The Just One Project's 5th Annual On Cloud Wine Event

As the welcome mat to our programs, Food For All serves as a vital lifeline for clients facing food insecurity. We understand that hunger is just the beginning—when someone is struggling to secure their next meal, they often need additional essential services as well. We move our clients from Crisis to Stability, Creating Pathways to Self-Sufficiency.

Our Programs

Food For All- The Just One Project is redefining the fight against food insecurity—tackling systemic causes of hunger, going beyond grocery assistance, and shortening the line towards self-sustainability.
